

THINK YOU CAN FILL THESE SHOES?...

Want to combine your passion with work?

Every great team needs a great manager. And as the **Shop Manager** of our Bridge of Allan Shop, you'll be leading your team by example.

Whether you're motivating staff, championing customer service or building relationships with the local running community, you'll be on the ball, ready to turn your hand to whatever challenge comes your way and ensuring high standards in all you do. It's about keeping your team energised, engaged and focused on serving customers, while identifying training needs and getting the most out of the individual as you will the whole team.

You'll set benchmarks too, from selling skills and product knowledge to great customer interactions - you'll lead from the front. In short, you will demonstrate exemplary sports retailing and help those around you do the same.

An interest in running or fitness is essential so if you are ready to take the next challenge then email Ben Lee (Business Manager) ben.lee@run4it.com with a CV and covering letter.

Salary - £ Competitive, benefits package and pension scheme.

Scotland's largest range of running footwear, clothing and accessories
